other 50% can go on sale to general public

I didn't know it could be like that

Matthew:

How CAN WE HELP PEOPLE TO BE THE PEOPLE THEY NEED TO BE TO DO WHAT THEY THINK THEY WANT TO DO...

- Empathetic
- Subjunctive
- Dialogic

In the arts...
In sport...
Different disciplines
→ who is / isn't in here (?!)

Arts Sector

→ Different elements of do different things + have different practice

WHAT SORT OF SOCIETY DO I WANT TO LIVE IN?

INTO GROUPS OF 5 or 6...

- QUESTIONS →
1. what do we/you want to know?
 2. what do we/you actually want?
 3. What would you like to do/see done?
 4. What wouldn't you like to do?
 5. Want to do it in a network?

Encouraging people to find their **ELEMENT**...

Some things that we want...

① A broadening of who these conversations are had with

Linked to practice
= IMPORTANT

② Good research... is always good!

LONGITUDINAL

report (with good quality information / research inside!)

We almost agreed... but we didn't!

③ Making the information

CREATIVE & Engaging

Hmm... that looks interesting

④ Publicly funded... must be TRANSPARENT & ACCOUNTABLE

⑤ A FAIRER WORLD

ARTS SAYING something other activities ARE NOT

⑥ More conversations with the public...

Hi...um... what do you guys think?

⑦ Widen access

'THE PUBLIC' (I wonder what they'll say...)
Well....

Do we need a UNION?!?

What is the question we should ask?

I think we need a research study on that!

No more

METRICS for no good purpose...

THE LONG TAIL OF THE AUDIENCE EXPERIENCE...

Giving people a key to unlock understanding of a play...
